From 2006–2010, Dan Cohen served on county conservation boards and was part of the Governor-appointed Sustainable Funding Committee that recommended creating a constitutionally protected Natural Resources and Outdoor Recreation Trust Fund. He was a key figure in the Iowa's Water and Legacy (IWiLL) campaign, which passed in the 2010 general election with 63.8% voter approval. For over 15 years, Cohen has worked to ensure the Trust Fund's promise is fulfilled, supporting conservation, water quality, soil protection, wildlife habitat, and outdoor recreation.
